

SPORT ENGLAND

Can you help Sport England's clubs and volunteers survey?

Author: Paul Stimpson

Posted On: April 17, 2018

Sport England is consulting with clubs across England to understand more about the volunteers who give their time to clubs and is asking as many people as possible to contribute to an online survey.

At the heart of this consultation, Sport England wants to know more about the challenges clubs face and the support they need to help them ensure their volunteers have quality, enjoyable experiences.

The short survey takes around 20 minutes and all responses are confidential.

[Click here to start the survey](#) – it may help to have details of your club's membership and volunteers to hand, if they are available. The survey closes on May 16.

By completing this survey, you will be providing invaluable information which will help [Sport England](#) understand better how we can support clubs to recruit and retain the volunteers they need to run their club and to improve the volunteering experience. The data collected will be used by Sport England to help inform planning for the future, with clubs' interests at heart.

If you have any questions, please do not hesitate to contact Sport England's Volunteering team at volunteering@sportengland.org
