

Savings with Volvo for Table Tennis England members

Author: Paul Stimpson

Posted On: May 10, 2018

Table Tennis England have teamed up with Volvo to offer our members exclusive savings of up to £6,000 on new cars from across the range.

Our members can now access the Volvo Affinity Programme, which offers discounts on a range of vehicles, from the dynamic and sleek, to the rugged and sporty, all in the tradition of subtle Swedish craftsmanship.

You could save over £4,000 on the best-selling, luxury SUV, the XC60 Inscription, or up to £6,000 on the V90 estate. For those whose style is more suited to a saloon, the S90 is also available with a saving of over £5,000.

Alongside the member saving, you will also get a selection of other programme benefits – each one designed to help you get the most from your Volvo car.

Whether you purchase your new car outright or take a finance plan, the following savings will still apply;

- Affinity partner discounts off the vehicle cost; including factory fitted options, pre VAT
- Free of charge Metallic Paint up to the value of £700 (where not fitted as standard)
- Finance packages – including 0% APR, Finance Deposit Contributions and other finance deals to help spread the cost
- Service offers – 3 years for £399 or 5 years for £599, complementary if taken with Personal Contract Purchase
- 10% discount across all Volvo accessories and exclusive accessory packs
- Insurance offer – when customers purchase Annual Volvo Car Insurance, a free £250 Excess Return Voucher is rewarded.

The offer is exclusive to Player Members and Licence Holders of Table Tennis England. To find out more about the

offer, visit our [member benefit section](#), and login with your membership details to access and browse the current offers available.
