Clubs which fancy testing themselves on the international stage still have time to enter the TT-InterCup.

The competition, founded in 1990, is run by the Austrian Table Tennis Association and is open to clubs below Champions League and ETTU Cup levels.

It has already attracted entries from a number of European countries, including Germany, France, Italy and Czech Republic.

Any English clubs wishing to join them must enter by Sunday August 19 and must be affiliated to Table Tennis England to be accepted.
