

## Help us shape schools packages

**Author:** Paul Stimpson

**Posted On:** April 24, 2019

Table Tennis England have proudly offered exclusive Table Tennis equipment packages to schools nationwide for many years. These packages have supported schools for three years and have seen about 100 schools benefit from the subsidised scheme.

Table Tennis England is currently conducting a survey to introduce new packages that will meet the needs of modern-day schools. From supporting inclusive coaching sessions to introducing new tables into schools, Table Tennis England would like to hear your views on what packages you would like to see us promote.

Please look at these options and then fill in the form below to let us know which you would be interested in.

	Introduction	Competitive	Club
