ClubSpark – How to get involved

Author: Paul Stimpson

Posted On: April 30, 2019

As part of the 2018-19 PremierClub benefits package, PremierClubs are invited to utilise ClubSpark, a new Club Management Platform.

A growing number of clubs are starting to use the platform which can manage memberships, create a website, contact your members and much more!

One of the most recent clubs to benefit from ClubSpark is JLM Table Tennis Academy in Evesham.

Luke Moffat, the Chair and founder of the club said: "I absolutely love the functionality of our new ClubSpark website. We have only been using it for a short while but it has already had a huge impact on club life. It's so user friendly and easy to customise it to the needs of your club.

"I am so happy with the appearance of our new website. We are able to take payment for club tournaments, coaching sessions, training camps and membership fees. It's saved so much time.

"Would recommend this to any club that wants to their operation to the next level. I am very appreciative of Table Tennis England for providing PremierClubs with this fantastic opportunity."

You can find out more about JLM Table Tennis Academy by [visiting their new website](#).
