

TT Leagues update

We remain on target to introduce the TT Leagues platform on schedule and we are now in a position to share with you another short video showing navigation around the new platform.

This will help you to understand more about how the platform will function and how league administrators will be able to perform the tasks they need to.

We are also sharing a video from our Chief Executive Sara Sutcliffe, addressing some common questions which have arisen at the league AGMs which we have attended so far. The video also addresses the two propositions to the Table Tennis England AGM which concern membership fees for the 2019/20 season.

In addition, we have updated the FAQs about the new platform and have also released a document detailing how leagues can download and save data from the TT365 website, should they wish to do so. All of this can be found on [this page on our website](#).

More than 100 leagues have requested to be part of the test phase for TT Leagues. We will be in touch with those leagues in June.
