

Introduction

Welcome to the virtual home of Rugby Table Tennis Club.

Latest news. Our annual Club Tournament and awards ceremony was held last Sunday (15th September) and was a really good start to the new season. [The tournament results and club awards can be viewed here.](#)

How PremierClubs are finding a new Spark

Author: Paul Stimpson

Posted On: October 09, 2019

PremierClubs are really seeing the benefits of their free access to the ClubSpark management tool.

ClubSpark allows clubs to easily create a responsive, mobile-friendly website free of third-party adverts, as well as the ability to take online payments and bookings and keep in touch with their members using the free email function.

Free access to ClubSpark is one of the benefits of becoming a Table Tennis England PremierClub.

We think it provides a fantastic tool to help clubs with their day-to-day activity, but don't just take our word for it, here's what the leaders of some of our PremierClubs are saying:

Luke Moffat, Chair and founder of JLM Table Tennis Academy: "I absolutely love the functionality of our new ClubSpark website. We have only been using it for a short while but it has already had a huge impact on club life. It's so user friendly and easy to customise it to the needs of your club.

"I am so happy with the appearance of our new website. We are able to take payment for club tournaments, coaching sessions, training camps and membership fees. It's saved so much time.

"Would recommend this to any club that wants to their operation to the next level. I am very appreciative of Table Tennis England for providing PremierClubs with this fantastic opportunity."

Introduction to our Club

Welcome to our thriving Table Tennis Academy. John Mytton founded Wallace House Table Tennis Club in 2013, at the community centre in Evesham. John spent over fifty years promoting the game of Table Tennis within the local area. He coached at Wallace House for over thirty years.

The club was renamed the JLM Table Tennis Academy in 2016 to honour the memory and legacy of John Mytton. We continue to serve our local area but

Oxford Community TTC have also begun using ClubSpark, particularly the website function, membership registration and advertising events.

Club secretary Anne Borrowdale said: "ClubSpark's been very useful in enabling us to get set up quickly as a new club. I'd recommend other clubs to try using ClubSpark. You don't have to be used to designing websites, it's intuitive and Table Tennis England have a good set of instructions for using it and getting set up.

"If you're a PremierClub, it comes as part of your membership. It's worth giving it a go – you'll get a website that looks smart and does the job for you."

The ability to tailor-make a club website is a big selling point for Rugby TTC, who have been using ClubSpark for around four months. Secretary Jo Outhwaite said: "People are pleased to see the new website. It's got a lot more club information – before, there was much more national information and adverts that we couldn't filter out, whereas the ClubSpark website is much more informative for our members.

"I'd definitely recommend it because you can develop it exactly as you want to present your club."
