

Back to Table Tennis programme launched

Author: Paul Stimpson

Posted On: February 20, 2020

If you are looking to attract players back to your league or club, the new Back to TT organiser guide is here to help!

It shows how your club or league can help players interested in playing more, or returning to the game, to find your session and receive a great early experience back into TT.

The Back to TT guide is full of ideas to help you organise and deliver a fun, enjoyable session. It gives tips on how best to attract players and keep them coming back, helping you provide a relaxed environment for players to practise new or old skills, link to competitive opportunities and make new friends.

The Back to TT product is free of charge to Premier Clubs and Leagues or £15 to Associate Clubs.

Back to TT can be ordered by [clicking here](#).

After completing our request form and meeting the basic criteria for delivering the product, you will receive a digital download with the product guide and supporting marketing materials.

* Membership revenue helps us support the network of clubs and leagues across the country, and develops programmes and products to help grass roots grow. This area of work benefits hugely from the Sport England investment we receive but is bolstered by our own membership money so that we can support you further.
