

ClubSpark

Help for clubs to manage bookings

Author: Paul Stimpson

Posted On: May 28, 2020

Our most recent Club Webinar took place on Wednesday and provided an introduction to the ClubSpark Club Management Platform.

The session, which also included a demonstration of the platform's booking module, was joined by 15 clubs from across the country.

The ClubSpark Club management tool has been designed to make the day-to-day management of a club easier by reducing administration. It allows clubs to easily:

- Create a fully responsive, mobile-friendly website free of third-party adverts
- Take online payments and manage direct debits of its members
- Offer online bookings for tables, sessions, coaching courses, holiday camps or other resources
- Monitor session attendance and gain easy access to emergency details through the session app
- Manage members and keep track of their activities in a single place, while remaining GDPR compliant
- Keep in touch with their members using the free email function

To find out more about ClubSpark, watch the video below.
