Neil Rogers, Head of Competitions and Events at Table Tennis England, said: "We are delighted to be working in partnership with Tees Sport in respect of a number of national events next season, and the Senior British League.

"The R40+ ball will be used at the ITTF World Championships in 2021, as well as the World Junior Championships and many other ITTF circuit events, so it is a fantastic opportunity to replicate this for our players at domestic level."

"We were particularly impressed with the offer from Tees Sport and Butterfly, and so chose to also include the Senior National Championships within the scope of this partnership as a result."

Rüdiger Von Berg, from Butterfly's development team, said of the ball: "This is now our third-generation plastic ball which has all the benefits of the constant improvement that we have been able to achieve.

"The R40 has a consistent bounce and reliable trajectory. The feedback that we have received from our players is that the ball fully meets their expectation of a quality product."
