This week there are more photos from the first Women's British League season in 1988/89. Some familiar faces, at least 10 England senior internationals, and several unidentified. Can you help put names to faces? The names of all the players in the team have been added but they need to be put in the correct order.

Last week's pictures produced some positive identifications, so thank you to everyone who has been in touch. You can see the names at the bottom of this article. Some names are still needed so [click here to link to last week's article](#) and see if you can help with those too.
