

Vacancy for National Men's Coach

Author: Paul Stimpson

Posted On: September 14, 2020

Table Tennis England is recruiting a National Men's Coach to take charge of the team through to the Birmingham 2022 Commonwealth Games.

This position is currently filled by a contractor but because of an additional preparation grant from Sport England this recruitment is seeking to formalise the position and applications are sought from internal and external candidates.

Applications close on Monday September 21 – the short window reflecting that the successful candidate will need to travel to China with Liam Pitchford for the ITTF #RESTART events.

[Click here to visit our jobs section](#) for more details on the person specification, how to request a job description and how to apply.
