Several documents in the Laws & Regulations section of our website have been updated.

The Laws & Regulations underpin the administrative side of our work, including setting the structure for competitions and tournaments as well as our disciplinary and appeals procedure and regulations relating to affiliation and fees and election of directors.

Many of the changes to the individual documents this season relate to our new membership structure, which saw several new categories of membership introduced from the 2020/21 season.

The document attached below summarises the list of Laws & Regulations on our website, which staff member is responsible for updating them, when they were last reviewed and when they are next due for review.
