

## Webinar: How our team is evolving to help the sport

**Author:** Paul Stimpson

**Posted On:** November 05, 2020

The last six months have brought many challenges across the sporting sector and as a governing body it is important that we consider how we adapt to deliver the best possible support and service to members, clubs, leagues, coaches, volunteers and officials.

In the last couple of months we have been making some changes to way the development team of Table Tennis England operates and how we best develop and grow the sport, now and in the future.

We will be hosting a live webinar on **Thursday November 12 at 7.30pm** to let you know about these changes, how we will be providing support to clubs, leagues, schools and volunteers moving forward, and the ongoing priorities for our development work.

The webinar will be hosted by:

- Greg Yarnall – Head of Development & Volunteering
- Jenny Leach – National Participation Manager
- Claire Brockwell – National Clubs, Schools and Leagues Manager

As well as encouraging you to sign up to the webinar, we would like to invite you to submit questions about the future development of the sport in relation to the following areas: Club development, local leagues, schools, grassroots participation, junior and adult participation, volunteer support.

You can sign up and submit a question by clicking the button below. We look forward to welcoming you to the webinar.
