

Webinar: Our new development team structure

Author: Paul Stimpson

Posted On: November 13, 2020

If you missed our live webinar outlining the new structure of our development team, this is where you can catch up.

In the last couple of months we have been making some changes to way the development team of Table Tennis England operates and how we aim to best develop and grow the sport, now and in the future.

The webinar was hosted by Greg Yarnall – Head of Development & Volunteering, Jenny Leach – National Participation Manager and Claire Brockwell – National Clubs, Schools and Leagues Manager and outlined these changes and how we will be providing support to clubs, leagues, schools and volunteers moving forward, and the ongoing priorities for our development work.
