As the pandemic restrictions are eased, we are planning for a normal 2021/22 season. Your affiliation fees will

help us to help the sport recover from the effects of the pandemic and will [help fund an incredible amount of important work at grass roots level](#). They also help us unlock other funds so we can spend more on grass roots. In fact, for every £1 of membership fee income we receive, we invest £2 supporting grass roots table tennis, which amounts to almost £1 million annually.

That's why we say that when you buy a membership with us you become part of a bigger picture.

We look forward to welcoming you to the Table Tennis England family for the 2021/22 season!
