The opening rankings and ratings for the 2021/22 season have been published.

Searchable Excel spreadsheet containing all rankings and ratings, plus the individual age groups for boys and girls, are available on our [rankings homepage](#).

The categories reflect the move from Under-18 to Under-19 eligibility for the Junior category, [as announced earlier this year](#), to align with the structure across international competitions.

The rankings and ratings restarted as of Sunday August 1 after having been suspended for almost 18 months because of the pandemic.

Please note, the current live rankings [here](#) are as at the end of the season on July 31. For the opening rankings and ratings document, players have been moved into their new age categories as appropriate.

The live rankings will next be updated on Tuesday September 7.
