Division 3 South Midlands & West looks set to be a close fought campaign with only one player maintaining a 100% record after the first round's play.

Woodfield IIs top the table but their games record of 22-10 proves just how tight the division is. Although Woodfield's Paul Worrallo has the only 100% record with his four straight victories, it is Cippenham's Kevin Gray and NWF's Alex Rorke who look the men to beat with seven wins out of eight.
