

British League Non-Premier Report

Author: Paul Stimpson

Posted On: February 06, 2012

The reports from the British League Division Three, Four and Five are the latest to be published on the tabletennis365 website.

It was a week that confirmed the previous ideas that these divisions (Three North, Four North, Four South East and Midlands as well as Five North) were all but sealed by the league leaders.

ELGRE Draycott III dropped a point in Division Three North but remain well ahead of Formby who suffered two defeats.

Hartelpool I lead Division Four North with their 6-2 victory over Arbory Microgaming confirming their place at the top while in Division Four South, East & Midlands Bristol Table Tennis Academy can still mathematically be caught even though it is now increasingly unlikely.

Finally, in Division Five North Team Tameside were held to two draws as they were missing both Martin Lowe and Lawrence Lewis-Hanna although they still remain clear at the top of the division.
