The Scunthorpe Prizefighter 28th September has a different prize structure this time with every group winner automatically winning their entry fee back and amazingly every player guaranteed to play a semi-final match. As in the previous tournament (won by Scotland's Nail Cameron) every player is guaranteed to progress through the group stage, the higher you finish the more prize money you are playing for.

The tournament also guarantees a minimum of five matches on the day for each entrant (based on a full entry of 32 players). The tournament is restricted to the first 32 players on a first come first served basis and is now filling up rapidly.
