ITTF World Tour including ITTF & ETTU Junior & Cadet Event Entry Policies, documents and deadlines

Table Tennis England would like to encourage all our performance players to seek International experience by offering them the opportunity to be selected for International competition.

For all International events after 1st October 2014, one of the following selection policies apply:

[ITTF World Tour Event Selection Policy](#)

[ITTF or ETTU Junior & Cadet Events Selection Policy](#)

For the 14/15 season there is only limited funding for these events and unless otherwise stated entry to these events is at individual athlete cost. In all cases entries to each of these events will follow the above selection policies.

Entries to these events will ONLY be considered if athletes have satisfied the event entry process. As a general rule applications (on this form) need to be received by Table Tennis England no later than 20 working days before the preliminary entry deadline or final entry deadline, which ever comes first.

Late entries will not be received unless written mitigating circumstances are accepted by the selection panel and accompanied by a completed application form.

Information regarding ITTF International Open events can be [found here](#)

The Event Application Form can be [found here](#)
