England no. 4 and defending National Under-21 Champion, Tin-Tin Ho, invited the Sky Sports filming crews to her home in Paddington to talk about her career, family and aspirations for the Sportswomen discussion show.

Sky Sports reporter Jane Dougall took a trip around the family home and got to grips with the table tennis-mad family including Tin-Tin's father Charles and brother Ping.

Charles' passion and drive is well-known and it seems that he passed this onto Tin-Tin from an extreme young age. He revealed: "When my wife was pregnant I played table tennis in front of her, hoping that she would get used to the sound and I think it worked."
