Children & Young People Officer

We are looking for a highly motivated individual to be part of our new sports development team based in Milton Keynes. Must be dedicated to extending sporting opportunities to the masses; a team player driven by making a difference through table tennis.

The English Table Tennis Association (ETTA) is the National Governing Body for table tennis in England. The ETTA has recently undertaken a complete review of its strategic direction including a significant restructure and governance review to align the organisation with new targets through to March 2017 and beyond. This will coincide with a re-branding exercise and a relocation of the Head Office function to Milton Keynes in March 2014. All these factors will signal a major change in the growth and development of table tennis in the years ahead.

This role is part of the team whose focus is to drive up participation in table tennis. The job holder will lead the development and implementation of a children and young people plan aimed at the growth and retention of participants in England and reflective of participant research and insight. Working with partners and colleagues the post holder will deliver high quality programmes and offers to members, participants and potential participants. In particular the job holder will understand the needs of the participant.

Interviews will be held on either Saturday 3rd May or Tuesday 13th May 2014 in Milton Keynes.
