

University chance for table tennis scholars

Author: Paul Stimpson

Posted On: June 24, 2015

Northumbria University has two sport scholarships available for table tennis athletes – preferably female – from this September.

The University has made significant recent investment in its performance sport programme and is ranked in the top 10 for British university sport.

The scholarships will pay up to full fees for talented table tennis athletes, preferably female but men will also be considered. The university would be interested in hearing from regional standard athletes and would also have part-scholarships available to undergraduate degrees.

[Click here for additional information the performance programmes via the university's website](#)

You can also contact the university's Talent Identification and Pathways Manager Colin Allen on 01913 495260.
