Manchester based BrightHR who got #INTHELOOP earlier this year with a workplace table tennis table through the Loop initiative are gearing up to #BEATTHEBOSS with their Ping Pong Sport Relief fundraising event tomorrow. To put a spin on things, they've invited students from the University of Manchester's Table Tennis Club into their offices to provide a little bit of coaching, before the big tournament gets underway.

Over 30 people are signed up for the event and a further 120 staff in the building have volunteered to man the phones to take donations during the night of BBC TV entertainment for Sport Relief.
