

Suspended members list

Author: Paul Stimpson

Posted On: April 01, 2016

Table Tennis England has released an updated list of coaches and players who are currently suspended.

It includes the date and length of suspension, whether they are also suspended from coaching activities and their last known county.

The list was formerly circulated to national councillors and league secretaries every quarter, but it is felt more appropriate for all clubs, leagues and members to be able to more readily access the information to ensure they do not deploy coaches who are suspended.

Lists will no longer be circulated and will only be available online.
