

New coaches make the grade

Author: Paul Stimpson

Posted On: April 21, 2016

All nine applicants completed the recent UKCC level 1 course held at Dorset TTC, of which seven were provided with grant support to assist with delivering Priority Zone projects in the Bournemouth, Southampton and New Forest areas.

We are currently organising a number of CPD workshops and UKCC courses in the South West for the up and coming year with all information going on our free coach portal.

If you are yet to register, our Coaching Portal allows visitors to renew or apply for a coaching licence, book places on coaching courses and download resources to help with their Continuous Professional Development (CPD).

The Portal was developed after feedback from coaches highlighted the need to update and simplify these processes. Coaches can login to the system using their TT ID (formerly their Membership Number) and existing password.
