Up-and-coming young players will compete in Kettering this weekend at the inaugural Inter-Regional Finals.

A total of 176 Under-11, Under-13 and Cadet boys and girls will play in team and singles competitions at Arena Sports Kettering.

The event is the second and final stage of a competition which began in February with Inter-Regional Qualifiers around the country, replacing the regional qualifying tournaments for the age group National Championships following recommendations by the Competition Review group.

The players will represent North West, North East, Yorkshire, East Midlands, West Midlands, East, London, Southern, South East and South West.
