

First Friday Photos 88: Top players' early days

To follow on from the last two years' worth of 'Friday's Photos' and as I am almost at the end of unknown photographs I thought I would change the emphasis for the next year.

Instead of a weekly feature I am going to write a monthly one which will come out on the first Friday of each month – hence the title change.

The feature this month is looking back a few years on some of our most prominent players of today along with an odd photo from the past. As you can see, some players have hardly altered since their younger days whilst with others the difference is significant.

Digital images took over from film a little more than ten years ago and the loss of the magazine, Table Tennis News, in 2010 meant that the way photographs are now recorded and stored has changed. However, there are many gaps in the Photo Archives as many images have been lost or destroyed including those featured in TTN in the latter years.

So if you have any pictures that you would like to pass on to add to the heritage of the Association I would be delighted to hear from you. My contact details are DianeK1414@hotmail.co.uk
