Our South team is pleased to welcome on board Mark Dare and John Andrews in the role of Development Consultants (part time, 1 day per week).

John and Mark both have vast experience of table tennis development, with both being previous employees with successful track records.

We are committed to making sure that we have enough sensibly located staff to cover the large geography of the new South Area, and John and Mark will predominantly cover the East region, leading on the delivery of our new Be TT programme. They will also provide valuable support and advice to our South team, and will be a great asset to us. Continuation of these roles is dependent on the EGM result and securing Sport England funding.

Below is a little bit of information about John and Mark, along with how you can get in touch with them if you are based in the East region. For all other enquiries, please continue to contact us by emailing south@tabletennisengland.co.uk.
