

Good practice guides published for clubs and leagues

Author: Paul Stimpson

Posted On: December 19, 2017

Table Tennis England have been working with clubs and leagues to develop some best practice guides for sharing amongst the table tennis network/community.

The purpose of these guides is to draw on key insight from Table Tennis England research, combined with best practice examples from across the country, to create useful guides packed full of hints, tips and ideas.

The first two guides focus on implementing shorter-format leagues and providing a great club customer experience.

You can view or download the guides below.
